

**SHEILLAH**

Date of birth: 11/09/2004 | Nationality: Ugandan | Gender: Female |

Address:

**ABOUT ME**

My name is Sheillah [redacted] in Uganda. I am 20 years old and weigh 81kg with a height of 163cm. My father is a farmer and we own a mixed farm composed of dairy cattle, pigs, goats and poultry birds. This inspired me a lot to love agriculture hence enrolled for a diploma in Agriculture. I am looking for an opportunity where I can exercise highly and acquire hands on practical skills in the field of livestock production in piggery. This will help me to develop and expand our family farm from the current small scale status into a medium or large enterprise, using the skills and techniques that I will have acquired from the host farm in Denmark.

**WORK EXPERIENCE**

2019 - CURRENT Uganda  
**FARM WORKER FAMILY FARM**

1. I was trained in breeding practices such as artificial insemination module II in pigs
2. Checking for mastitis in lactating pigs, dry pigs to enable next insemination without illness from infections
3. Feeding of calves with milk using bottles
4. Checking for mastitis before milking
5. De-horning of cattle
6. Feed formulation and mixing
7. Record keeping
8. Cleaning of animal pens especially the pig sty
9. Milking of dairy cattle
10. Parasite control and spraying

**EDUCATION AND TRAINING**
