

JENI

6880 Tarm
Denmark

Objective

Enthusiastic veterinary student interested in an internship position at farms in Denmark to use my companion animal care skills, knowledge and experience to provide a high-quality experience for patients. Proven record of performing successfully in high-pressure environments and using problem-solving skills to ensure animals' well-being.

Experience

PIG FARM

Internship student

17/07/2023 - STILL WORKING

- Administered daily feeding routines, including mixing and distributing feed to ensure optimal growth and health of pigs.
- Administered medications and vaccinations under veterinary guidance, keeping precise health records.
- Supported farrowing activities: prepared farrowing pens, assisted with deliveries, and ensured proper care for newborn piglets.
- Performed routine health checks to identify and address signs of illness or distress in pigs.
- This farm has 3300 sows and piglets up to 7 kg.

LOYAL COMPANION VET CLINIC

INTERNSHIP STUDENT

16/03/2023 - 23/06/2023

- Worked under the clinical practical section of a licensed veterinarian to assist with the diagnosis and treatment of patients.
- Assisted veterinarian with administering medications.
- Communicated with pets' owners and farmers to educate them on post-treatment care.
- Managed and updated a collection of more than 30 patient records daily.

ATTINGAL GOVERNMENT VETERINARY HOSPITAL

INTERNSHIP STUDENT

14/03/2022 - 13/12/2022

- Worked under the clinical practical section of a licensed veterinarian to assist with the diagnosis and treatment of patients.
- Assisted veterinarian with administering medications and performing surgical procedures.
- Communicated with pets' owners and farmers to educate them on post-treatment care.
- Managed and updated a collection of more than 150 patient records daily.
