ABOUT MYSELF

I am a humble, energetic, focused, compassionate and dedicated young male who loves agriculture and willing to put my acquired skills into practice. My name is Godwin, 26 years old, standing at 180cm tall with a weight of 67kg. I have experience in dairy, Piggery farming and poultry keeping. I have for long worked with animals like cows, goats and sheep at our family farm in [Redacted] village in the western part of Uganda. This motivates me to be a community exemplary farmer and thus thought it wise to pursue my vision of becoming a farmer with my major interest in livestock farming. I feel confident that I am not only doing the right thing, but also something that my heart loves. Therefore, I am flexible to any readily available placement in Dairy, Piggery farming which I believe will be a valuable experience and exposure.
