Height: 158 cm

Weight: 55 kg

Level: **Education**

Masters
 Bachelors
 Diploma

What internship are you applying for:
 (tick one or more, or all)

Dairy production
 Pig production
 Poultry production
 Horticulture
 Hospitality
 Food technology

<p>Why you would like to apply for this internship:</p>	<p><i>(Write the main reason in few words, why you would like to do the internship in Europe)</i></p> <p>I am keen to intern on a pig farm in Europe to gain firsthand experience in modern agricultural practices and livestock management specific to pigs. Europe is known for its advanced techniques in animal husbandry, biosecurity measures, and sustainable farming methods. This internship presents an opportunity to learn from experts in the field, understand European Union regulations and standards, and explore innovations in pig farming that prioritize animal welfare and environmental stewardship. I believe that this program will serve as a solid foundation for my future career aspirations in the field of veterinary medicine.</p>	
<p>Your present education: <i>(write precisely the faculty/field of studies you are attending)</i></p>	<p>Faculty of Animal Science and Veterinary Medicine, ██████████ University. Study Programme: Veterinary Medicine</p>	<p>Year of your studies: 5th</p>
<p>Write the date when you will finish your studies:</p>	<p>10/12/2026</p>	
<p>Name of the University:</p>	<p>██████████ University</p>	
<p>Title of qualification:</p>	<p>Veterinary Medicine</p>	
<p>Main knowledge and skills gained from the studies that is relevant for your internship:</p>	<ul style="list-style-type: none"> ● Animal Anatomy and Physiology: Proficiency in understanding the anatomical structures and physiological functions of various animal species. ● Disease Diagnosis and Management: Ability to diagnose illnesses and injuries in animals through clinical examinations, laboratory tests, and imaging techniques, and develop comprehensive treatment plans. ● Pharmacology: Understanding of veterinary pharmaceuticals, including their indications, contraindications, dosages, and routes of administration. ● Preventive Medicine: Implementation of preventive healthcare measures such as vaccination programs, parasite control, and health screenings to maintain animal health. ● Animal Behavior and Welfare: Understanding of animal behavior, welfare needs, and the ability to recognize signs of distress or behavioral issues in animals. ● Teamwork and Collaboration: Ability to work collaboratively with veterinary colleagues, technicians, and support staff to deliver comprehensive care for animals. 	

<p>Your previous experience of work, relevant for your internship (from newest to latest):</p> <p>#1</p> <ul style="list-style-type: none"> - dates - country - employer/region/company - main responsibilities - do you have any recommendations? <p>#2</p> <p>#3</p>	<p>1. I use to intern at [redacted] Vietnam corporation</p> <ul style="list-style-type: none"> - Date: From February 2024 to June 2024 - Country: Vietnam - Company: [redacted] Vietnam corporation - Main responsibilities: Veterinary medicine <p>During my internship at [redacted] swine center, 5000 sows, I acquired valuable practical experience in swine husbandry such as:</p> <ul style="list-style-type: none"> - Assisting in the birthing process. - Care and treatment for sows and piglets - Sorting diseased and healthy pigs, providing care and treatment for sick pigs. - Ensuring the cleanliness and disinfection of farm facilities. - Vaccinating for piglets as scheduled. <p>2. Futhermore, I use to at a commercial pig farm, 2400 sows</p> <ul style="list-style-type: none"> - Date: From August 15th 2022 to September 15th 2022 - Country: Vietnam - Company: [redacted] company - Main responsibilities: Technical <p>I learned many things like:</p> <ul style="list-style-type: none"> - Biosecurity and vaccine procedures - Castrate piglets - Feed sows and piglets, monitor the pig's health status 				
<p>Personal skills and competencies:</p>	<ul style="list-style-type: none"> • Teamwork: Capacity to collaborate effectively with others • Hard working and consistent in working • Problem – solving: Aptitude to indentify issues, analyze options and implement solutions. • Adaptability: Flexibility to adjust to new situations and challenges, demonstrating resilience and openness to learning. 				
<p>Mother tongue:</p>	<p>Vietnamese</p>
